1. Attached are memoranda dated 19 and 24 September from the WE Division to the Finance Division regarding subject.

allowance of the parent service for storage would be applied. Subject shipped to the U. S. 12,263 lbs. of household effects for storage.

6. In summary, your office is requested to rule on the following questions:

- a. Is it possible for a Military Staff Agent to receive the benefits of civilian regulations and the regulations of the parent service and not be bound by the restrictions of either?
- b. If the answer to (a.) is in the affirmative, is it possible under various sections of the CFR's to pay:
  1. Shipment of effects to the U. S. prior to movement of the individual to the U. S.?
  2. Storage charges on 12,263 lbs. of household effects until the individual's subsequent return to the U. S. on PCS orders?

7. We would appreciate a ruling on this case in order that same be passed along to the WE Division.
